RE: *United Effort Plan Trust*

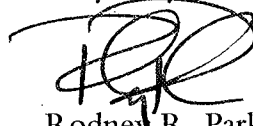

Dear Jeff:

We would like to begin the implementation of Judge Benson's order. Paragraph 4 of Judge Benson's order requires Mr. Wisan to deliver to us "all non-privileged records regarding his administration of the Trust, specifically including but not limited to financial records, property records, occupancy agreements, tax records, leases, contracts, agreements, billing records, accountings, financial projections, business communications, and lease records." Although we want all of those records to be delivered, we are particularly eager to receive copies of contracts and lease agreements regarding use of the property.

Delivery of those records will facilitate transition of control over the property, and will also be useful in pursuit of settlement negotiations, which in the past were hampered by Mr. Wisan's refusal to share information. Please let us know when we can begin to collect those records.

We look forward to your prompt response.

Very truly yours,

Rodney R. Parker
